Just one tear are shed for this
Just one tear
And not one more
Say you'll never do the same again

Say hello
Say hello to the high life
The one you dream about
The one you think about
Second night
Second night to the one you live
On your way knowing
That they'll be there in the morning

Just one tear are shed for this
Just one tear
And not one more
Say you'll never do the same again

Just one tear are shed for this
Just one tear
And not one more
Say you'll never do the same again

You don't know
You don't know how what a daydream
I could be the girl who kisses everyone at the party

Say hello
Say hello to the new girl
Who's she here for?
You should've seen her freeze in the doorway

Just one tear are shed for this
Just one tear
And not one more
Say you'll never do the same again

Just one tear are shed for this
Just one tear
And not one more
Say you'll never do the same again

Do I feel sadness
Do I feel shame
I'd cover my face now but all of these turn to stone
Except one thing
I can't control
Watch it slowly roll down my face
Across my lips
The lips you loved
Well, stupid me for thinking
I was the only one you ever needed

Just one tear are shed for this
Just one tear
And not one more
Say you'll never do the same again

Just one kiss
Yeah, right
Just one kiss
You said you'd never do the same
Just one kiss
I leave with you
Just one kiss
Before I go
We'll never be the same again
