Push me over the edges, push me over the edges

Suffocating the senses
You strip me defenseless, I know you
Images reflected
I'm raped and molested, touched by you
(And I won't hide till I've gone through)
Perception over reality
And what we see is not always what we see
Deeper inside
You'll find your eyes lie, judge not this time

Alone

Distorted dreams in the silence
No vital signs just the violence
Tortured frame is empty
Scars on my body just ghosts to remind me
I burn

Still reflection disturbs you
Twin perception unnerves you
Split in two
(your mirrors pushing back at you)
Beautiful brutality
Self-inflicted these cuts my company
Opposite sides of this coin
Try both sides
I'm yours you're mine

Alone

You scream like a symphony
Wicked trick has left me in agony
Your malfunction is needing
Vertical scars and proof of the bleeding
You burn

Your twin with you
Within the burning
Alone, you'll find

I am your twin
With you within alone

I burn....

I won't let you burn down.
