She delivered faith to maniacs  
No divinity in insanity  
When the time was right  
Commence kidnapping  
Daughter of the faith  
Repeatedly raped  
Mental ward gang bang  
Her god was not watching  
Surviving for weeks off the semen of her molesters  
An object  
She was owned by a hundred maniacs  
Sodomized, demoralized  
Impregnated by a hundred maniacs  
Schizophrenics, child molesters laughing manically at  
nothing  
These were all here mates to be  
Bestial copulations, each more brutal than the last  
Locked in a closet  
Covered with semen  
Praying for death  
Kept a slave for 30 days  
Sadistic ways to violate  
Pulverized, purple face  
Deflower, desecrate  
Pumped full of psycho semen  
She was found  
Barely alive  
Catatonic  
Carrying child  
Bastard  
Child  
Spawned  
In hell  
Son of  
A hundred  
Maniacs  
Bastard son of a hundred maniacs
