"Obligated To Suffer"

Heavens gate
Spawn ranch
Waco
Obligated to suffer
Removal from the exterior world at any cost-emigration
Societal deviant
Recruiting with immoral misleading means
Displays of unconditional affection and kindness upon
entering
Eliminate free operation of personal thinking, and all
judgement
Spirit breaking brain washing procedures, absolute
dependence on a deranged leader
Convinced that the world is an unsafe place
Causing phobia, guilt and agony
All are embraced
Cults way of thinking becomes second nature
Individual ideals disintegrate
There is no exit imagined from this twisted evil place
Forgotten children expire slowly
Self completely gone, tortured existence
Giggling while reviving castration
