Dried or stored in formaldehyde  
Missing her vagina when she died  
No other body part would suffice  
Cunt hunting my gruesome vice  
Collector of labia  
Large and small  
Young and old  
Warm and cold  
Sever the divine morsels in meticulous fashions  
The man with the most vagina is my ultimate passion  
Dissector of vagina  
An expert  
Grave robber  
Bitch torture  
Dig her up nice and ripe  
Scalpel, scissors, hands  
Kill my own, I don't mind  
She doesn't have a chance  
Manicured beef curtains  
Cleverly combined  
Fabricate a necklace  
Gratifying prize  
Recto vaginal gouging  
Flawless vaginectomy  
My obsession is my twisted reality  
Sever the labia cured and tanned  
Sickening pillage  
Vagina inspector Labia collector  
Dehydration of vaginal castration  
Vaginal thievery pleasures of lunacy
