Spread out, let me tell ya spread out, spread out  
Without a doubt.... man colour me reggae  
Mister are you mad have ya lost the vibes you had  
Sister aren't ya glad now ya know who's really bad  
We've come from the island; we're no island boys  
We play the killer sound, we kill the play around

Chorus

Ronnie have you heard; if not go ask ya little bird  
Mikhail did ya know; this is not another puppy show  
Wake the town and spell it out; eas west north and  
south  
This is the killer sound turn off all come around

Chorus

Mister are you mad have you lost the vibes you had  
Sister aren't ya glad now ya know who's really bad  
We've come from the island; we're no island boys  
We play the killer sound we kill the play around

Chorus
