to the Russians and the Americans

Go tell Russians to cool it off

Tell Americans to cool it off

Don't ya juggle with me life, Boss...

Are ya listening me

You must be saying who the hell is he

Is he a spy or a refugee

But I'm just a youth from a shanty town

Come, come, come, giving a crucial sound

Chorus

Gentlemen, gentlemen, stand at ease

Here's some bread now pass the cheese

It is as easy as ABC

Yow, yow, yow, take it easy with me

Chorus

You must be saying who the hell is he

Is he a spy or a refugee

But I'm just a youth from a country town

Come, come, come, giving a crucial sound
