Girl E, I, I love you  
Girl E, I, I love you  
Girl E, I, I love you  
Girl E, I, I  
How ya tickle my fancy, tingle up my vibes  
If ya love was currency I would accept bribe  
Ya even got this hold on me when ya let me go  
Like a burning spliff at night ya make my eyes jus glow,  
oh, oh, oh

Chorus

Every time I see ya pass I have to feel my bones  
As is ya wanna break me glass  
the way ya dashing stones!  
A lady told me the other day she wanted muscle  
And I don't have enough she say  
but I know how to tangle angle!

Chorus

How ya tickle I fancy up I vibes  
If ya love was currency I would accept bribe  
Ya even got this hold on me when ya let me go  
like a burning spliff at night ya make my eyes jus glow  
oh, oh, oh

Chorus
