"Live A Little Love"

Visit "[Live A Little Love](#)" on MotoLyrics.com

To live a little love with you is joy to I and I
What comes from my heart cannot lie
To live a little love with you
Such a joy to I and I
What comes from my heart is no lie
Just a little love with you
Joy to I and I
What comes from my heart is no lie
A-little-bit of love with you
Such a joy to I and I
What comes from my heart cannot lie

They say my heart shares for too many
Hay what do you say
They say my thoughts worth no more than a penny
Hay what do you say
It's heartical
Unconditional
Can you deal with it
Can you deal with it, ah child
I'm glad you came
O praise Jah name
Love will keep you fit
Love will keep you fit, ah child

The say some Dread full up too much reasoning
Hell what do they know
They say some Dread don't have any feeling
Well what do they know
But I see
As an Irie I
Know what I mean
Know what I mean, Queen
And I know I
Would never lie
Just to get a bly
Just to get a bly, no I

To live a little love with you is joy to I and I
What comes from my heart cannot lie
To live a little love with you

Such a joy to I and I
What comes from my heart is no lie
Just a little love with you
Joy to I and I
What comes from my heart is no lie
A-little-bit of love with you
Such a joy to I and I
What comes from my heart cannot lie

They say my heart shares for too many
Hay what do you say
They say my thoughts worth no more than a penny
Hay what do you say
It's heartical
Unconditional
Can you deal with it
Can you deal with it, ah child
I'm glad you came
O praise Jah name
Love will keep you fit
Love will keep you fit, ah child
