Queen o' me house hey that's you
So don't worry y'self
Queen o' me house I love you
So don't worry y'self

You're a mountain when I wanna climb
You show me signs of the times everytime
Ya stick by me like a Siamese twin
I'll be your everything
I'll be your everything

Queen o' me house I love you
So don't worry y'self
Queen o' me house hey that's you
So don't worry y'self

Ya never listen to no rumours what people may say
How a Dread like me just want to play
Finding fault is not what ya wan' do
Love that you're loving is true
Love that you're loving is true

Queen o' me house hey that's you
So don't worry y'self
Queen o' me house I love you
So don't worry y'self

You're solid, solid as a rock
you cover me front and back
Always there when I need ya most
I'll be ya pillar and post
I'll be ya pillar and post

Queen o' me house I love you
So don't worry y'self
Queen o' me house hey that's you
So don't worry y'self
