Don't stall me now

Go and call a Taxi for me  
Get it on the double I want it quickly  
Break red light and speed limit man  
I've got a session on the Island

I'm not egotistical  
I'm a just a showing my Po-ten-tial  
Doing what I do best  
Exterminating the plagues and pests

Go and call a Taxi for me  
Get it on the double it's emergency  
Break red light and speed limit man  
I've got a session on the Island

They used to teach I the golden rule  
That means men with the gold will rule  
My granny would say "Oh dear"  
The game will repeat if you don't play fair

Go and call a Taxi for me  
Get it on the double I want it quickly  
Break red light and speed limit man  
I've got a session on the Island

I'm not egotistical  
I'm a just a showing my Po-ten-tial  
Doing what I do best  
Exterminating the plagues and pests
