Yeah a just one a them thing deh, maintain your cool
Yeah man a just one a them thing deh, don't be no fool
Yea a just one a them thing deh, easy lah easy
Yeah man a just one a them thing deh

I've got a few things to announce
Since you can't take the pound
Gonna give you the ounce
Don't feel some way if this is not your day
You've got your life
That is all you need to see wha' deh g'wan

Yeah a just one a them thing deh, maintain your cool
Yeah man a just one a them thing deh, don't be no fool
Yea a just one a them thing deh, easy lah easy
Yeah man a just one a them thing deh

So your friends them switch and handle you coarse
And you getting less when you're giving most
Don't let that get you out
Bad vibes don't last, they always pass
Tru you nah know

Yeah a just one a them thing deh, maintain your cool
Yeah man a just one a them thing deh, don't be no fool
Yea a just one a them thing deh, easy lah easy
Yeah man a just one a them thing deh
