Down in the region where I rest
It's the survival of the hardest
One man, well, cool, the next man, tense
Some sounds like these across the fence will

Trouble you, they trouble me, no I
I would'a just flash me things
Bubble you, they bubble me, yes I
Forward ina me ring

Trouble you, they trouble me, no I
I would'a just flash me things
Bubble you, they bubble me, yes I
Forward ina me ring

Some man just born to nice up, dance
See my love down in tight romance, yea
The essence of ishence fills the air, yea
You're free to look but don't you dare stare

Trouble you, they trouble me, no I
I would'a just flash me things
Bubble you, they bubble me, yes I
Forward ina me ring

Trouble you, they trouble me, no I
I would'a just flash me things
Bubble you, they bubble me, yes I
Free to flip and come in

And in I region forces raid, wrong way
Man, pick up corn for razor blade
The nobles of English would feel sad, no doubt
When some thing's good, we say "It bad lah"

Trouble you, they trouble me, no I
I would'a just flash
Bubble you, they bubble me, yes I
Forward ina me ring

Trouble you, they trouble me, no I
I would'a just flash me things

Bubble you, they bubble me, yes I
Forward ina me ring

Trouble you, they trouble me, no I
I would'a just flashed
Bubble you, they bubble me, yes I
Forward ina me ring

Trouble you, they trouble me, no I
I would'a just flashed me things
Bubble you, they bubble me
Forward ina me ring

Trouble you, they trouble me
I would'a just flashed me things
Trouble you, they trouble me
