Now the devil will cry, I
We going to play the right thing
They don't need to send spy I, we not hiding anything
How ya feeling, Irie!
Means ya rule your internal
Get my meaning, Irie!
Tell ya friend and tell ya pal
We runnin' the country.... Do ye see what I see
Them making the money.... What is this on me
We runnin' the country.... Do ya know what I know
Them making the money.... say so
Don't ya know it is time, I, that we turn a new page
Blind can never lead blind, I, get the jokers off the
stage
You were saying Irie, means you rule your internal
Now ya talking Irie, tell ya friend an tell ya pal

Chorus

Now the devil will cry, I
We going to play the right thing
They don't need to send spy I, we not hiding anything
How ya feeling, Irie!
Means ya rule your internal
Get my meaning, Irie!
Tell ya friend and tell ya pal
