Upside down upheld in wires' grip  
Vocal chords severed rasping sound emit  
Split your sphincter to set free  
Torrents of blood and shit  
Buzz saw screaming  
Leather straps sealing  
Ice pick strikes bloodied eye  
Severe torture is what is in store  
Sewer breath cretin yearns for more

Eager squirts, turbo outburst  
Cumshots dangling, unleashed urge  
Mongoloid with a goggle-eyes stare  
Delivers his share of future in your hair

Willingly beaten, fucked and hit  
By a twisted mind with no repentance  
Your bloated heart convulsing stops  
Join the dirt and feed the crop

Suspended body trashed around  
Random bludgeon battery  
Beat you till you hit the ground  
Random bludgeon battery

Turmoil of bloodspray covers face  
Random bludgeon battery  
As you clash into a rearranged disgrace  
Random bludgeon battery
