[Lyrics: Meier/Haarlov]

Syringe injected into tender skin  
Throat is flooded as the needle sets in  
Tied down, brittle screams are choked  
Vocal chord in corrosive liquids soaked

Naked scrotum stuck in a vice  
Executioner snarling rolling the dice  
Intestines churn at the sight of his tool  
Bones merely pulverize, blood forms a pool

Canines sink into tender flesh  
As buttocks give way violent thrash  
In bludgeon he's slowly closing his mesh  
Vivid eyes stares at the gash

Knife inserted releasing intestinal hold  
Vacuum seals the steel probing bold  
Twisting and turning the gleaming blade  
Liver torn as the butcher unveils his hate

Bladder delivers the last cup of piss  
As protruding steel waives it's tomb  
Fetid gas emits with a hiss  
Releasing the tension holding the womb

Blood and puss race through a soggy wound  
Restless vessels exempt a rancid fume  
Methane piped in a gastric tube  
From which ingested faeces slowly exude

Trapped within this pointless act  
Find yourself screaming, backbound and gagged  
Gaffed and suspended in the grip of fear  
Knowing your final hour is drawing near

Pallid skin yields to the blade  
Watching your own bowels emancipate  
Blood steams from the basement floor  
As jigsaw buzzes rapidly to your core

Spawn of the abscess of society  
Five across the eyes of sobriety  
Inclined to dismemberment and heinous deeds  
I prowl the comfort of your pristine streets
