Celestial Journey,  
Intercession of spheres  
Interstellar release  
The cosmic reappears  
Drift among stars,  
Flow vainly into black  
Tranquil body seized  
But mentally relaxed

Shedding of worries  
Mind quest no fear  
With gravity behind me  
In rapture I sear  
Reaching out gently to touch and contrast  
But deceived by this contour of images so vast

With gravity behind me  
And destiny in hand

With gravity behind me  
And destiny in hand  
My body slithers paralyzed  
Into emptiness
