On this road of broken dreams  
The wind is blowing rough,  
What became of my memories  
The friendships that I've lost?

Once we were like brothers  
Together on this path,  
Now that you deceived me  
All I feel is wrath.

My mind is burning  
World are colliding  
Fate is turning  
It's time to go

Things around me change so fast  
Nothing forever will last,  
No one's left to blame  
But things won't stay the same.

You told me I'm your best friend  
No one else would ever have been,  
But when good times left and bad times came  
You were nowhere to be seen.

I thought our friendship lasts forever  
I put my trust in you,  
You destroyed my faith in mankind  
And my Memories II.

Nothing left  
From yesterday  
We won't ever  
Rise one day.

Things around me change so fast  
Nothing forever will last  
No one's left to blame,  
But things won't stay the same.

Oh those days are long gone by  
There is no more need to worry,

There's nothing you can do.  
No love left for yesterday,  
My heart is drowning in sorrow  
And my Memories II.
