The candle has stopped burning  
The light has seized to be.  
And my heart just keeps on yearning  
Where is the love for me?

The mist is drawing nearer  
The road has turned away.  
Despair is getting clearer  
I waste my life each day.

Come over here  
Hold me for a while.  
Take a rest with me  
Before we walk the next mile.

Nights are getting dark  
Hours fade to black  
Dawn enlights the sky  
A new day brings hope, don't ever look back.

The wind is blowing stronger  
All hope for spring is gone.  
The winter's getting longer  
I am waiting for a dawn.

Rain is falling down on me  
It covers me at night.  
There's nothing left for me to see  
I'm searching for the light.

Come over here  
Hold me for a while.  
Take a rest with me  
Before we walk the next mile.

Nights are getting dark  
Hours fade to black  
Dawn enlights the sky  
A new day brings hope, don't ever look back.

I'd pass the sea of a thousand tears just to see the sun  
again.

It's me that lived through all sad years, only good  
times will remain.
