I'm feeling bright.
Come baby come on.
I say to you: it's all right.

Just you & I.
We gotta fly.
Oh, baby feel it.
Music is power.

I wanna stay all the night.
I wanna hold you tonight.
Oh, baby let me stay now.
I'm all right, babe.
Because you want it.
"Ready to dance."

Beat of the rising sun.
Beat of the rising sun.
You gotta feel the dance.
It's always in your heart.
Feeling the time to come.
Beat of the rising sun.
I wanna feel your heart.
The power of the sun.
