Welcome to Tokyo
Full of sensation
New generation
Open your mind to reality

Everyone, everywhere
Is so beautiful, like a woman - desire
Full of energy filled with energy!
Go for yourself, and see what I mean!

Boom boom Japan, that's what I say
Go and see what I mean
Boom boom Japan, happening night and day
Night and day you will see and love it!
Boom boom Japan, that's what I say (c'mon)
Go and see what I mean
Boom boom Japan, happening night and day
Night and day you will see and love the land

I wanna let you know
It is a pleasure, finding my treasure
Inside a place filled with harmony

Everyone, everywhere
Is so beautiful, like a woman - desire
Full of energy filled with energy!
Go for yourself, and see what I mean!

Boom boom Japan, that's what I say
Go and see what I mean
Boom boom Japan, happening night and day
Night and day you will see and love it!
Boom boom Japan, that's what I say (c'mon)
Go and see what I mean
Boom boom Japan, happening night and day
Night and day you will see and love the land

Everyone, everywhere
Is so beautiful, like a woman - desire
Full of energy filled with energy!
Go for yourself, and see what I mean!

Boom boom Japan, that's what I say
Go and see what I mean
Boom boom Japan, happening night and day
Night and day you will see and love it!

Boom boom Japan, Boom boom Japan, Boom boom
Japan
Boom boom Japan, Boom boom Japan, Boom boom
Japan
And love the land

Welcome to Tokyo
Full of sensation
New generation
Inside a place filled with harmony

Like a woman - desire

Boom boom Japan, that's what I say
Go and see what I mean
Boom boom Japan, happening night and day
Night and day you will see and love it!
