disco dance is our story  
people get together to have fun  
keep it up tonite with the disco lights  
make it better with martini and daiquiri

feel the beat of the music  
take a ride into this crazy night  
let's keep on dancing until the morning light

and the energy is on oh-oh-oh-oh  
and the power is on don't turn it off  
let's sing along oh-oh-oh-oh-oh  
electricity's running like a bomb in the air

dance around the world everybody  
dance around the world get up on the floor all boys and  
girls  
shake your hands and move your body dancing the  
night away

dance around the world everybody  
dance around the world get up on the floor all boys and  
girls  
shake your hands and move your body dancing the  
night away

keep on dancing together  
Moscow, Tokyo, New York, Paris, Rome  
let's keep on dancing until the morning light

and the energy is on oh-oh-oh-oh  
and the power is on don't turn it off  
let's sing along oh-oh-oh-oh-oh  
electricity's running like a bomb in the air

dance around the world everybody  
dance around the world get up on the floor all boys and  
girls  
shake your hands and move your body dancing the  
night away

dance around the world everybody  
dance around the world get up on the floor all boys and  
girls  
shake your hands and move your body dancing the  
night away

and the energy is on oh-oh-oh-oh  
let's sing along oh-oh-oh-oh-oh

oh-oh-oh-oh-oh
