pull those chains when you turn me out  
remind me what this life is all about.  
because i haven't felt pain in so long i forgot i was alive  
sure in this life, the ironies can turn so cruel  
but right now i'm at a loss to find one to match you.

would you forgive me i'm gifted with this poison pen.  
silently, lividly waiting, for the ever end.  
the sting from your faithless kiss still rings on my  
bloodless lips  
if at any other time a love would call you mine  
come around and find some time  
sure in this life the ironies can turn so true  
but the sin beneath my skin means it's more than likely  
not me but you.
