Talk, wait, engage your heart at its nadir
Your methods coming clear
We speak, we taste, we roll a night that lingers
Wrapped in silence, please don't pierce it

Kiss away dependency
Show me what it means to be
Clean and full of dirty bliss
15 minutes more of this

What's your favorite color
Dreaming in no other
What to do? What to say?
So my 15 won't fade away

Don't wait too late, I never know
You come and go, your weakness starts to show
We fall, we fly, we'll sleep in this forever
Wrapped inside us, please don't lose it

I kissed away your dependency
When you found out what you meant to me
Your brown eyed frown, I'm gonna miss
You get 15 minutes more of this
