Let's all go to the underground  
Some kind of social lost and found  
Check all your baggage at the gate  
Makin' sense at six but I won't by eight

Pulled like a magnet to the door  
The faces are new but you've seen them before  
Spit out the truth that we're scared to say  
That's why we come here anyway

I like to live where the lights are low  
Sometimes I feel there's nowhere to go  
Set you alight and I'll set you free  
You never meant that much to me

I like to live where the lights are low

A couple shots and we're feelin' straight  
We shoot it up 'cause I hate to wait  
We're talkin' shit and we talk it loud  
The seedy kids are my favorite crowd

Well write your number down for me  
To end up on the floor I guess it ain't meant to be  
What's her name? Well I'm scared to say  
That's why I came here anyway

I like to live where the lights are low  
Sometimes I feel there's nowhere to go  
Set you alight and I'll set you free  
You never meant that much to me

I like to live where the lights are low  
Sometimes I feel there's nowhere to go  
Set you alight and I'll set you free  
You never meant that much to me

What's my game? You don't want to know  
I took too much and I'm feelin' low  
Set me free 'cause I'm on my knees  
It's such a bitch you're so hard to please

I like to live where the lights are low  
Sometimes I feel there's nowhere to go  
Set you alight and I'll set you free  
You never meant that much to me
