Once a girl gets her veins full;
Says she wants to quit.

But the lines just call.....
She's gonna burn and break.

Drop the bleach dust,
Pray and wait.

I believe you could,
I believe you're spun.

Purge the white light.
Try to stop yourself.

Wipe the glass clean.
Take a deep breath.
Try not to scream,
Or break.

Each time you don't rectify,
You try so hard to justify;
Solace in one more hit.

You don't care,
You're gonna push your limits.

And now I'm ruined.

I'm seeing things in three shades of black;
I'm hurting.
