

## Injected "When She Comes"

Visit "[When She Comes](#)" on MotoLyrics.com

When she comes in all degrees, no more need  
Burn the taste of all away, you can't say  
Try to kick a line in time, no more time  
Burn the taste down on your knees, you can't see

What I want, I can't say

Breaking glass will do you harm, my blood's warm  
Somehow words are meaningless, I'm breathless  
Try to put your arms around what you've found  
Disappears and all is gone, you can't go on

What I want, I can't say

When she comes in all degrees  
Breaking glass will do you harm  
When she comes in all degrees
