"Human Cannonball"

Pardon me
I'm only bleeding
But you cut me
To the bone
My imperfections
Have reduced you
To a lowly
Animal
A part of me
Was introduced to you
Then it walked right
Out the door
And tonight
You're probably feeling
Like a Human
Cannonball

It used to be
That loving you
Was easy
Unrestrained
But now
I'm only bleeding
But I'm loving
Only pain

Pardon me
I'm only bleeding
But you cut me
To the bone
And tonight
You're probably feeling
Like a Human
Cannonball
