

The Butterfly Effect

"Mute"

Visit "[Mute](#)" on MotoLyrics.com

Sleep, with me,
And breathe, a silent song,
And we can sleep forever and ever,
If only to try, in silent song.

Wake, and see,
Your mind, a silent scene.

You won't belong and beaten day ??
Cast still a tear and won't it wash away ??

If only to find,
I'm warning you,
No way out now,
I'm trying to keep you,
Safe and sound.

Does your heart need an answer?
And I will miss it, ??
And your mothers love is a caston, ??
And so the seas rise, ??
The silence breaks through the riffle. ??

In time to you,
It's always harder to see through,
I like cradles me through it. ??

You bowl the bombs,
Self detonating,
We stroll and diss in pain and disappear,
We're hoping to find.

I'm warning you,
No way out now,
I'm trying to keep you,
Safe and sound.

Does your heart need an answer?
And I will miss it, ??
And your mothers love is a caston, ??
And so the seas rise, ??

The silence breaks through the ruffle ??

Ooohhh.. Ooohhh.. Ooohhh..

Sleep, with me,
And breathe, a silent song..
