You make me dirty make me feel like a whore  
Right here where you want me down with the fleas in  
the floor

It doesn't matter when you say I'm not clean anymore,  
yeah

Here it's nothing [x3]  
For you there is nothing pure

Still you tried to clean me bleach away like stains  
Blackened ash in your mouth won't distil your distain

It doesn't matter when you say I'm not clean anymore  
It doesn't matter when you say I'm dirty like a whore,  
yeah

Here it's nothing [x3]  
For you there is nothing pure

It doesn't matter when you say I'm not clean anymore  
It doesn't matter when you say I'm dirty like a whore
