

## The Butterfly Effect

### "The Ballad Of Naked Man"

Visit "[The Ballad Of Naked Man](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Naked man, Naked man  
Passing through Naked land  
Naked man, Naked man  
In the sand where is your hand  
Naked man, Naked man, please go back to Naked land  
So I'm sorry this is all we could make  
It's a sign of a naked in the dome (or something like  
that)  
Naked all of Monday, naked all year long  
Naked is never right, naked is always wrong  
So get the hell away from me  
You god damn naked man  
Go the fuck away from me  
Back to Naked land  
Naked man, Naked man  
Passing through Naked land  
Naked man, Naked man  
In the sand where is your hand  
Naked man, Naked man, please go back to Naked land  
Naked man in Denver  
Naked past sleep  
Naked isn't dirty  
Naked isn't clean  
Naked isn't fun  
Naked isn't nice  
Naked lasts forever  
So fold those naked eyes  
Naked in the morning,  
Naked all night long  
So Paul is a naked lady (I think that's it)
