We had time and so did I time and time again
Shook our clothes into the river never lost a friend
Simple times they came in t-shirts help me move the
sand

In my room I keep my love a tiny rubberband

We got 15 stitches and a visit from the man
If I'd been told I'd not have sold that tiny rubberband

Shook our clothes into the river never lost a friend
In my room I keep my love a tiny rubberband
Shook my clothes into the river never lost a friend
In my room I keep my love a tiny rubberband
