[chorus:]

If you should say goodbye,  
the road would fade and die.  
If you should say goodbye,  
the stars would leave the sky.  
I'm so in love with you,  
I don't know what I'd do  
if you should say good bye. do do do do do, doo do  
If you should leave me now,  
the moon will lose its glow.  
If you should leave me now,  
I'd miss you so, I know.  
The clouds above would cry,  
the rain would fill the sky,  
if you should say goodbye. do do do do do, doo do

I had a dream last night that you found someone new...  
I saw him hold you tight, had my heart broke in two. do  
do dododo do  
That's why I say, my love,  
the road would fade and die.  
If you should stray, my love,  
the stars would leave the sky.  
I'm so in love with you,  
I don't know what I'd do  
if you should say goodbye. do do do do do, doo do

[chorus]

I had a dream last night that you found someone new...  
I saw him hold you tight, and baby that broke my heart  
in two.  
That's why I say, my love,  
the road would fade and die.  
If you should stray, my love,  
the stars would leave the sky.  
I'm so in love with you,  
I don't know what I'd do  
if you should say goodbye. do do do do do, doo do  
  
If you should say goodbye.

Don't say goodbye...
