The bloom of youth  
shone from her lovely face  
a rose against her skin  
would not seem out of place  
this silent succubi  
had men enrapt in dreams  
such sweet seducers  
are never what they seem

catherine x16

the rage of unloved wives  
would seal this beauty's fate  
many years of fading looks  
brought bitterness and hate  
a man of god must ensure

justice will be done  
for satan dwells within  
the black heart of this one

catherine x16

(gregorian chanting)

catherine (slow) x7  
catherine (fast) x12
