She has come from the shadows of the dream world  
A dark angel from the darker side of love  
Across a sea of tears  
A hundred thousand years  
Come with her and dance in the moon light  
And you are lost to this world evermore  
Put your hand in her hand

Come and fly now with the angels  
Rise again now like the phoenix  
Your the love that lives forever  
In the heart that never dies, never dies  
Heart of Lilith!

Come and drown in the lake of her passion  
Come and die so you can be reborn  
Hear the siren sing  
Hear the death knell ring  
She's a witch a siren and a vampyre  
She has come from the distance stars  
To take your heart  
To break your heart

Come and fly now with the angels  
Rise again now like the phoenix  
Your the love that lives forever

In the heart that never dies, never dies  
Heart of Lilith!

Come and kiss, kiss the lips of Lilith  
Come and kiss and you will be no more  
Feel the fire  
Of desire

Come and fly now with the angels  
Rise again now like the phoenix  
Your the love that lives forever  
In the heart that never dies, never dies  
Heart of Lilith!

Come and fly now with the angels

Rise again now like the phoenix  
Your the love that lives forever  
In the heart that never dies, never dies  
Heart of Lilith!
