With a kiss of pure steel I pierce the skin  
With a wish it sinks within  
With the red of your blood and the red of mine  
Its flesh shall stain as wine  
Our love is greater than we two  
And stronger than our lives  
And though our bodies may decay  
Our love will survive  
With threads of pure silk and scarlet in hue  
I join, in love, we two

Your life you have offered freely to me  
And mine I give to thee  
The Earth shall hold our lovers' wish  
And keep it from the day  
And as the soil grows richer now  
My Love, it shall stay
