Can you hear the forest sing?  
On a breath of damiana it calls his name  
Seduced by his spirit once again  
Cloven hooves beat upon the earth  
He comes to us from Arcadia through the trees  
The rush of his force felt upon the breeze  
He comes on hooves of goat  
He comes with songs that float on the wind  
Let your senses know of him

Feel the earth it trembles underneath shaggy thighs  
The sky is afire from his flashing eyes  
If a nymph I'd follow him  
Be a match for his wild carousing and bestial ways  
And in the woods I too would play
