"Take My Lust"

I am a drifting shadow,
My soul is craving for you,
A ghost rider on the lonely road
But I know that I'll destroy you.

I'll kiss you, I'll damn you,
I hear your soul a-calling,

Like a screaming angel falling
As a fool for love I'll have you.
Take my lust, fade to dust

The grave sings like a siren,
My lips are sweet and poison,
And they will take you there.
Paradise and elation,
Descend with me to Hell

Only I can set you free,
Only I know the way,
And only I can set you free.

Take my lust, fade to dust
Take my lust, fade to dust

Take my lust, fade to dust
For this I must and you will be nothing
Take my lust, turn to dust
For this I must and you will be nothing.

Take my hungry kiss, it has come to this
The dagger on the wrist and you will be nothing
Taste my deadly flesh, lay your head to rest
Welcome unto death, and you will be nothing

Come and die with me
Come and die with me
Come and die with me
Come and die with me
Come and die

Come and die with me

Come and die with me
Come and die with me..
