### "The Glass Is Half... Awesome"

Here is to the strong ones  
Raise it up on last time  
Here is to the lucky and the lonely  
and I'm home now, but I wish...

...that this car could move so much faster  
than we are moving tonight.

I may not sleep tonight,  
but I'll be up by nine  
And I'm okay with this.  
And I'm just fine with that  
And I'm home now, but I wish...

...that this car could move so much faster  
than we are moving tonight.

I have made hospitals.  
for heartbreaks in my room.  
And I'm okay with this.  
And I'm just fine with that  
And I'm home now, but I wish...

..that this car could move so much faster  
than we are moving tonight.
