"The Wait Is Over"

I'm proud of you
for going through what you had to do.
I'm proud of you
for going through the ugliest summer
we could ever imagine.
I'm proud of you

I'm proud of you
for all the things that you're going to do.
I'm proud of you
because it's one in a million
and we found it together.

The wait is over.
Am I coming through to you?
The wait is over
The wait is over
Am I coming through, through to you?

Come on.
The wait is over.
The wait is over.
Am I coming through, through to you?

I'm sorry I've been pushing you hard that way
It's not my intention, but I have to say
that I'm proud of you.

I'm sorry I've been taking things a bit too strong
I know we haven't seen each other in so long,
but I love you.

This could be the very last song I will ever sing.
