"Captain Killjoy"

You really shouldn't give it
If you're not prepared to take it
You shouldn't try to outwit
If you don't like the explicit
My blood is colder than most
It lacks the circulation
It settles down in its host
Like me it lacks the patience

I love the knife in my back, I twist it around and around
I love the struggle to breathe, I suck dirt from the
ground
I put the blindfold on , I feel the edge through sound
I'd really love to jump, but I'm afraid to hit the ground

Cold cash coat
Blinding lights forever more
Captain was a killjoy selfish little killjoy
Red carpet coasted with moss and other kings
but ell me can you feel this [x4]

I love the agony and I embrace the pain
I love the cold weather and I really love the rain
I love the jealousy, I really love the blood
I love the shivers as I'm crawling through the thickest
mud
I miss the sun on my back and I miss the golden age
I miss the nauseousness as I hit the stage
I miss the awkwardness of not knowing what to say
I miss the sunrise nearly every single blessed day

Cold cash coat
Blinding lights forever more
Captain was a killjoy selfish little killjoy
Red carpet coasted with moss and other kings
but ell me can you feel this [x4]

Somehow I don't think you'll be invited to the funeral
(captain was a killjoy selfish little killjoy)
He's just a human being, it's our fault (captain was a

killjoy selfish little)

Cold cash coat

Blinding lights forever more

Captain was a killjoy selfish little killjoy

Red carpet coasted with moss and other kings

but ell me can you feel this [x4]
