Never exhume me,  
I don't want you,  
My dream,  
Just like a waterfall in black and white.  
But you needed to know that I lied to you,  
But you needed to know that I lied to you,  
Why d'ont you stay here?  
Does she love you?  
My dream,  
To cruise through outer space and feel the breeze,

But you needed to know that I lied to you,  
But you needed to know that I lied to you,  
But you needed to know that I lied to you,  
But you needed to know that I lied to you,

I can't believe this dream,  
I can't believe this dream,  
I can't believe this dream,  
I can't believe I tried so hard to die,  
And now you want your money back,  
I can't believe this dream,  
I can't believe this dream,  
I can't believe this dream,  
I can't believe that I have to live without you
