There's no mistakes to be made anymore for you and
her

I sense you're cold
You know that I'll always be there for you
And I know that I'll get this in your head

We'll fly
We'll lie down on this field and time will evade us
again,
Sunshine, yeah we talk in the grass and I know that
I'm...

Safe in your room, there's no time,
Yeah the clocks stopped years ago
Dear friend of mine,
He makes me laugh,
Yeah the clocks stopped years ago

You know that I'll always be there for you,
I've known you so long,
I feel like your brother
I feel today is over but...I know that I'm...

Safe in your room, there's no time,
Yeah the clocks stopped years ago
Dear friend of mine,

He makes me laugh but he almost made me cry
Don't ever do that again,
Never end it,
No I cannot watch you die...

You are the rest, of the best,
And you're gonna go so far!

There's no mistakes to be made anymore
For you and her, (her, her)
You know that I'll always be there for you!
And I know that I'll get this in your head!

Safe in your room, there's no time,
Yeah the clocks stopped years ago

Dear friend of mine,
He makes me laugh but he almost made me cry
Don't ever do that again,
She's not worth it
No I cannot watch you die...

You are the rest, of the best,
And I'll love you always!
