

Inme "The Addict Swims Alone"

Visit "[The Addict Swims Alone](#)" on MotoLyrics.com

I do not know who you really are

You changed me for yourself
You changed me to lose yourself
You changed me for yourself
You changed me to someone else

Shall we swim to that island?
An addict swims alone
Washed ashore on this island
This addict has no home

You blamed for yourself
You blamed me for someone else
You changed me for yourself
You changed me to someone else

Shall we swim to that island?
An addict swims alone
Washed ashore on this island
This addict has no home

Shall we swim to that island?
An addict swims alone
Washed ashore on this island
This addict has no home

I still don't know who you really are
