

## Inme "This Town"

I'm cured  
When you say there's something left  
It's pure  
Just to know we will always be friends  
I hope you find your mind and let them go  
Theres nothing left to do in this town  
Theres no where left to fly but on the ground  
I'll reach you

It's over me  
That I cannot describe it  
My friends  
You know that I can't hide it  
Like planets  
Contemplate my worlds  
Painting all the colours  
Running dry like me

There's nothing left to say in this town  
There's nowhere left to hide but inside pride  
I'll reach you  
I'll reach you  
Theres nothing left to do in this town

Theres no where left to fly but on the ground  
I'll reach you  
Tonight (I'll reach you)  
Tonight (I'll reach you)  
Tonight (I'll reach you)  
Tonight

I'm cured  
When you say there's something left  
When you say there's something left  
I'm cured

There's nothing left to do in this town  
There's no where left to fly but on the ground  
I'll reach you  
Tonight (I'll reach you)  
Tonight (I'll reach you)  
Tonight (I'll reach you)

Tonight (no matter were u are)  
Tonight  
Tonight  
I'll reach you  
I'll reach you  
Tonight
