Let forever be, forever  
We live only for tonight  
We are energy when wish I know la-la-light  
And your Heaven is my Heaven  
We go higher thah the sky  
We are energy when wish I know la-la-light

Ooh, ooh, ooh  
Ooh, ooh, ooh  
Ooh, ooh

Don't let me hold you closer,  
I wanna feel your skin, feel your pull me in  
I'll be your thiny dancer  
Your hands up on my way since were face to face

Finally found, my heart is a drum  
I move to the sound as to become one night  
You finally found  
The hit of the night  
We call a lie

Let forever be, forever  
We live only for tonight  
We are energy when wish I know la-la-la-light  
And your Heaven is my Heaven  
We go higher thah the sky  
We are energy when wish I know la-la-la-light

Ooh, ooh, ooh  
Ooh, ooh, ooh  
Ooh, ooh

Come tell me all your secrets  
Your love is in your lies, look me in the eyes  
Reach for me through the darkness  
I'll catch you if you fall  
We can come to role

Finally found, my heart is a drum  
I move to the sound as to become one night

You finally found  
The hit of the night  
We call a lie

Let forever be, forever  
We live only for tonight  
We are energy when wish I know la-la-la-light  
And your Heaven is my Heaven  
We go higher than the sky  
We are energy when wish I know la-la-la-light

Ooh, ooh, ooh  
Ooh, ooh, ooh  
Ooh, ooh

Let forever be, forever  
We live only for tonight  
We are energy when wish I know la-la-la-light  
And your Heaven is my Heaven  
We go higher than the sky  
We are energy when wish I know la-la-la-light
