No one cares
Nobody's wrong,
No one see
I'm not so strong.
Everytime I hope I dreaming...
(I'm missing you...)

I'm touching you
But you can't feel,
I'm scream at you
But you can't hear.
I just need to be around you...
(I'm lost without you...)

You are so special,
So give me so passion.
I need to tell you,
I'm watching you.

Goodbye, you all,
Goodbye, my friends,
So goodbye, my baby.
You, my baby...
You, my baby...

Goodbye, you all,
Goodbye, my friends,
So goodbye, my baby.
You, my baby...
You, my baby...

I am crying
For so long,
I can't breath
Without your love.
It's so wrong that I'm without you...
(I'm missing you...)

I'm touching you
But you can't feel,
I'm scream at you
But you can't hear.

I just need to be around you...
(I'm lost without you...)

You are so special,
So give me so passion.
I need to tell you,
I'm watching you.

Goodbye, you all,
Goodbye, my friends,
So goodbye, my baby.
You, my baby...
You, my baby...

Goodbye, you all,
Goodbye, my friends,
So goodbye, my baby.
You, my baby...
You, my baby...

(Haaaaa...)

Goodbye, you all,
Goodbye, my friends,
So goodbye, my baby.
You, my baby...
You, my baby...

Goodbye, you all,
Goodbye, my friends,
So goodbye, my baby.
You, my baby...
You, my baby...
