Anywhere in the air is the magic of holiday now  
Let it snow, all around, later we can make a snowman  
Is the Christmas time you all  
It's time to stay together  
I say Merry Christmas you all and happy new year!

You and me together every time for Christmas,  
I don't need no presents  
cause I need you for Christmas.  
(repeat)  
Christmas! X'mas ....

Santa Claus is coming back  
With the presents for everybody  
Close your eyes don't look back  
After that we're making party

Is the Christmas time you all  
It's the time to stay together  
I say Merry Christmas you all and happy new year

You and me together every time for Christmas,  
I don't need no presents  
cause I need you for Christmas  
(repeat)  
Christmas! X'mas ...  
Christmas! X'mas ...  
Yeaaah Christmas
