aaaaa aaaaa
I surrender, I surrender
aaaaa aaaaa
I surrender, I surrender

I wake up in your arms
At different day
See the sun in your eyes
You have to stay
It's a reason easy like a sunday

Everytime you are awake
It's killing me
Every word that you say
It's touching me
It's a reason easy like the sunday

Cause everytime you show me love
I surrender
Each time you show me love
I surrender
Each time you are awake
I remember.... your love

Cause everytime you show me love
I surrender
Each time you show me love
I surrender
Each time you are awake
I remember... your love

aaaaa aaaaa
I surrender, I surrenderrrr
aaaaa aaaaa
I surrender, I surrenderrr

Cause everytime you show me love
I surrender
Each time you show me love
I surrender
Each time you are awake

I remember.. your love

Cause everytime you show me love
I surrender
Each time you show me love
I surrender
Each time you are awake
I remember... your love

I wake up in your arms
At different day
See the sun in your eyes
You have to stay
It's a reason easy like the sunday

Everytime you are awake
It's killing me
Every word that you say
It's touching me
It's a reason easy like the sunday

cause everytime you show me love
I surrender
Each time you show me love
I surrender
Each time you are awake
I remember.. your love

Cause everytime you show me love
I surrender
Each time you show me love
I surrender
Each time you are awake
I surrender
