the first time that i saw you
i had to get to know you
i could see a sparkle
when you looked in my eyes

and then i saw you smiling
and like a star you're shinnig
never had this feeling
you warmed it up inside

it doesn't matter where you are
you shining light will guide me
home to where you are

it doesn't matter where you are
you shining light will guide me
home to where you are

shining star
give me, give me, give me,
give me right now
you give me right now
you give me right now

shining star
give me, give me, give me,
give me right now
you give me right now
you give me right now

you tell me that you're lonely
and time is moving slowly
complaining that you miss me
cause i'm never at home

but baby don't you worry
i'll be there in a hurry
i will crose the oceans
to hold you in my arms

it doesn't matter where you are
you shining light will guide me

home to where you are

it doesn't matter where you are
you shining light will guide me
home to where you are

shining star
give me, give me, give me,
give me right now
you give me right now
you give me right now

shining star
give me, give me, give me,
give me right now
you give me right now
you give me right now

it doesn't matter where you are
you shining light will guide me
home to where you are

it doesn't matter where you are
you shining light will guide me
home to where you are

shining star
give me, give me, give me,
give me right now
you give me right now
you give me right now

shining star
give me, give me, give me,
give me right now
you give me right now
you give me right now

shining star
give me, give me, give me,
give me right now
you give me right now
you give me right now
